

Hire-a-skip Business

BUSINESS OVERVIEW

An established owner operated bin business in the North-Western suburbs of Melbourne, with 3 trucks and a total of 91 bins ranging from 2m³ for the mums and dads to 15m³ for the large industrial jobs, this is the opportunity for you to live the dream and become self-employed.

This business was established 2 ½ years ago as a side business and has now flourished into a full-time business with a current annual turnover of around \$350k. There is great potential for further growth for an owner operator who can dedicate their time to this business and potential cost saving opportunities with better sorting of rubbish for disposal.

The current owners are selling due to time constraints and the wish to focus on their main business so they can move on and eventually semi retire in the future.

THIS BUSINESS OFFERS THE FOLLOWING:

91 BINS

Ranging in size from 2m3, 4m3, 5m3, 6m3, 7m3, 8m3, 10m3, 12m3, 15m3.

Bins are all in excellent condition with 65 of the bins less than 12 months

3 TRUCKS

1 x Volvo Morrell Truck,

1 x Volvo Hook Truck Twin Steer,

1 x Iveco Hook Truck Twin Steer.

1 GREAT OPPORTUNITY

This business is a great opportunity for prospecting buyers looking to take over the reigns of a company that has an already established client base with a rising turnover.
