

Built Environment Business

Construction is booming in Australia right now, so there has never been a better time to get involved in a business like this.

About the Business.

This business is the Melbourne franchise of a national organisation providing a complete range of services for buildings, properties, facilities and the general built-environment, providing outstanding service to clients with large property portfolios.

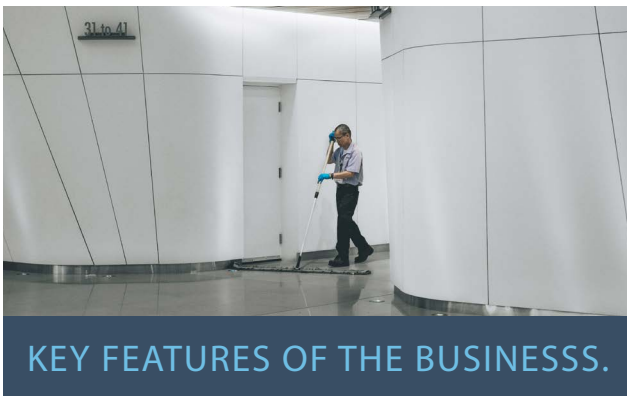

The business takes great pride in improving, maintaining and protecting their clients' property assets - customer service and value creation are fundamental to their success. The "one stop shop" mentality and willingness to outclass the competition have been the cornerstone to the businesses success.

MORE ABOUT THE BUSINESS.

Clients include big names such as Kmart, Oakley, Kathmandu, NRMA, Colliers, Metropolitan Fire Brigade, AFL, Bakers Delight and United Petroleum. With over 15 years experience the franchise provides totally integrated solutions in the construction and services industry, including project works, remedial & rectification, maintenance, cleaning, street sweeping and facilities management. Our corporate clients include, building owners, large and small retailers, bodies corporate and facility managers.

Although some jobs are as low as \$140 others exceed \$1.4M allowing enormous scope to impress a potential long term client. Due to the large number of service offerings every sale has many potential up-sells which is reflected in the ongoing sales growth.

The business has experienced staff and reliable systems already in place. These attributes have earned the trust and loyalty of their strong and growing client base.

- Strong year on year growth with healthy margins
- Established systems and online job management software
- Online document management
- A growing following of large customers
- Lead generating websites
- Easily reduced overheads
- A healthy reputation
- Long term staff
